Profile Summary

Computer Science Engineering student with frontend development internship experience and hands-on experience building full-stack web applications. Proficient in JavaScript, React.js, Node.js, Express.js, REST APIs, and MongoDB. Experienced in developing responsive user interfaces and AI-powered and e-commerce applications.

Education

Bachelor of Engineering in Computer Science and Engineering
Stella Mary's College of Engineering | 2023–2027

Technical Skills

- Languages: Java, JavaScript, Python, C, C++, Dart
- Web Development: React.js, HTML5, CSS3, Tailwind CSS, Node.js, Express.js, REST APIs
- Databases: MongoDB, Supabase, SQL
- Core CS: DSA, OOP, DBMS, Operating Systems
- Tools & Deployment: Git, GitHub, Postman, Azure, Vercel, Render

Experience

Frontend Developer Intern | Admini
July 2025 – March 2026

- Developed responsive and reusable user interface components using React.js, JavaScript, and Tailwind CSS.
- Integrated REST APIs to retrieve and display backend data within frontend components.
- Debugged UI issues and performed troubleshooting to improve application usability.
- Collaborated with the engineering team to implement frontend requirements and maintain consistent user experiences.

Projects

CareerForge | AI-Powered Career Guidance Platform
Technologies: React.js, Node.js, Express.js, MongoDB, REST APIs

- Developed a full-stack career guidance platform featuring resume parsing, document verification, and skill assessment.
- Integrated AI APIs to generate personalized career recommendations and learning roadmaps.
- Connected frontend components with backend services to support application functionality.

SeroFast | Hyperlocal E-Commerce Platform
Technologies: React.js, Node.js, Express.js, Supabase, Tailwind CSS

- Built a responsive e-commerce application with product management and shopping cart functionality.
- Implemented user authentication and order-processing workflows.
- Developed frontend and backend components to support product and order-related operations.

Certifications

Microsoft Azure Fundamentals; MongoDB Vector Search Fundamentals; AI Agents with MongoDB; RAG with MongoDB; MongoDB Basics for Students; Artificial Intelligence and Deep Learning; Career Essentials in Software Development – Microsoft & LinkedIn Learning.
